Dear Mr. Mencaglia,

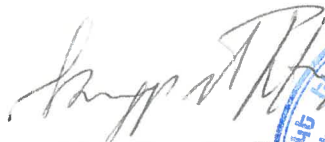

First of all, allow us to renew our sincere gratitude to ACN and you personally for your devoted work and commitment to help us in the realization of various projects for the benefit of our faithful.

We come with this letter to give reference to the project of video program broadcasting studio presented by Radio Mariam Cultural Foundation. It is already eleven years that Radio Mariam is pursuing a consistent course towards the development of educational, moral and spiritual traditions and family customs, disseminating Christian values. Currently, they are broadcasting Holy Masses; sermons; meditations; biblical interpretations, as well as Homilies and Encyclical letters of His Holiness Pope Francis.

Radio Mariam is the only Armenian-language radio station, being the voice of the Catholic Church both in Armenia and in the Diaspora. Therefore, we kindly ask your financial support for the purchase of necessary equipment which will ensure the proper functioning of the video studio at the Radio station.

We thank you wholeheartedly for your consideration and cooperation.

Remaining always united in prayers,

Most Rev. Fr. Mikael Bassale
Apostolic Administrator for the Ordinariate of
Armenian Catholics in Armenia, Georgia,
Russia, Ukraine and Eastern Europe
